

8. Finally, scroll up to the top of the page and view the animation of 'ants' or 'bees' through the AddEmployee business process. This shows the weighted path through the process. You may have to wait several minutes to view the animation.

7. Select the What is happening today? tab and scroll to the bottom of the page. You should see the aggregated statistics for your AddEmployee process that ran today.

6. Scroll down to view the Analysis section. Uncheck the Errors By Process and the Errors By Step checkboxes and check the Step Time checkbox. Allow the page to refresh itself and notice the pie chart with the average cycle time by step. Hover your mouse over any part of the pie chart or the legend on the right to see the time per step.
